# Reduce Your Time to Reach Seniors and Other At-Risk Residents in an Emergency

## Supra's Senior Lock Box Program

- Can save your emergency responders valuable time. Your central dispatch can simply notify the responders that a lock box is in use.
- Provides an alternative to forced entry. If a lock box is used, responders may not have to damage the senior's home.
- Provides peace of mind. Lock boxes are only accessible by authorized personnel in the event of an emergency, because only fire/police departments have keys that can open the lock boxes. Friends, family, and neighbors cannot use this system to access a home.

## How the Program Works

The steps for a homeowner to participate are:

1. Request Order Form from fire/police department.
2. Complete and mail order form to Supra. The lock box is shipped to the homeowner.
3. Install lock box. (Check with local fire/police department for specific installation requirements.)
4. Contact fire/police department to secure property keys inside the lock box.

## Trust Supra Lock Boxes

- Supra only provides keys to authorized fire/police departments.
- The fire/police department emergency first response personnel are the only ones that have access to the lock box.
- For more than 50 years, Supra has been a leader in lock boxes. We supply fire departments, real estate agents, and consumers throughout North America.

Hi Joel . . .

Now that we are into 2013, what steps need to be taken to transfer the WICHP funds from the Town of Washington to WICHP?

Glad that I was able to be at Tug and Tillies baptism. You both have a right to be proud parents!

Frank

Re: Parks Committee recommendation to fill vacancy on committee

Action requested: Approve Tim Garland to fill the vacancy on the Parks Committee

On December 3, 2012, the Parks Committee posted a notice of a vacancy on the committee and requested any interested residents to apply for the position. (Lucia Petrie has resigned from the committee.)

One person – Tim Garland – contacted the committee, stating he would like to become a committee member.

Tim owns a house on the Island, and his son is in high school at Washington Island School. Tim and his wife, June, are both small-business owners. Tim is a board-certified landscape architect – his business is called Garland Alliance – who has clients in southern Wisconsin and on Washington Island.

Members of the Parks Committee are unanimous in their recommendation for his membership on the committee.

The Parks Committee requests that the members of the Town Board approve Tim Garland's membership on the committee. Thank you.
