The parks committee would like the town to put a doggie duty station at Gislason Beach and/or add a sign that no dogs allowed.

There was a complaint that dogs were using the beach and the owners weren't picking it up

Also the picnic table either needs to be replace or at least some of the planks replaced on the top.

There needs to be more mulch put on the path at the end of main road
And a couple of steps added so older people can get down to the second bluff.

Heritage Trail sign need to be brush out so it stands out and/or move more toward the beginning of the head of the trail.

Could the parks committee look for someone to build the extension to the dock at Little Lake-if someone is willing to pay for it?

Found out the there are protected Thistles at the sand dunes park so

We have to be careful what we do down there.

*We have mulch at the heritage trail
that needs to be spreaded
The dead birch at the sand dunes
need to be cut down*
