October, 2013

To the Washington Island Zoning Commission
Washington Island, WI 54246

Dear Friends -

This petition is in support of the efforts of Helene Meyer to have a small portion (1.8 acres) of her newly acquired property at 1396 Airport Road re-zoned General Agriculture to Commercial Center.

The re-zoning represents an opportunity for Washington Island to join the growing trend in agricultural tourism, thereby respecting the Island's rich farming past while taking advantage of expanding retail opportunities. The business venture planned for the land is strongly in keeping with the tone of the Island, respectful of our quiet way of life, yet able to provide needed job opportunities, expanded sales tax revenues, and other benefits to Washington Island. We strongly urge you to support the re-zoning request being presented to you. Thank you.
