TO: Town Board, Town of Washington, Door County

FROM: Washington Island Economic Development Committee

DATE: February 12, 2014

SUBJECT: Door County Comprehensive Plan Update

Our committee has reviewed the suggested Updates to the Door County Comprehensive Plan 2030 dated 12/20/2013 at our meeting on February 10, 2014.

We essentially agree with the intent of all thirteen (13) of the suggested Goals, however we do not support many of the Action Items listed under those Goals. The Action Items do not adequately reflect the rural nature of our Town nor do they reflect the unique challenges or needs of our Island community.

We would also request that Goal number <sup>MNR (9)</sup> ~~eight (8)~~ of the Update be returned to the list as we feel it is important to our County and Island residents, as well as visitors to Door County, Wisconsin
