

**Notice of Opening
to fill a vacancy on the
Washington Island Parks Committee**

The Washington Island Parks Committee is authorized to have seven members. Because of the resignation of one member, the committee currently has only six members and would like to add a new member to bring the number of members back up to seven.

The Washington Island Parks Committee is concerned with Town of Washington parks and makes recommendations to the Town Board for maintenance and improvements of the Town parks. The Parks Committee also works with other Town of Washington committees and other groups and organizations for the enhancement of Town parks.

Members of the Parks Committee should:

- want to participate in improving and enhancing Town of Washington parks
- be able to attend monthly meetings and any special meetings (seasonal residents can phone in to meetings)
- be able to work with Town officials and others to achieve the goals of the Parks Committee
- have an interest in how other local governments improve their parks
- understand that the committee advises the Town Board; it does not make policy.

If you are interested in being on the Parks Committee, please contact

Mary Marik
Chair, Parks Committee
PO Box 98
Washington Island, WI 54246
or email to: mary.marik@gmail.com

Please phone (920) 847-2742 if you would like more information or have other questions.
