4. **Agenda Items:**

Maintenance/needs for Red Barn- Roof may have some leakage. Dan will have someone check this. The Icehouse siding and paint could use some help.

Bathrooms at Red Barn- Flush bathrooms with a Septic system are wanted! Drawings were worked up years back that put the price around 200,000 for brand new bathrooms. One drawing was passed around. It puts a new bathroom close to the Tobey property, has additional parking and an outside stage. Emily will get an estimate for retrofitting the existing bathroom.

Playground/Red Barn- Structure is good. Could use some stain, replacement of boards, new swing. Idea of adding musical elements was brought up. Emily will talk to Jonathan Mann about making playground better.

Trails/Red Barn- Idea were to make trails in memory of Janet Wilson, add a serenity trail, add rest place/ meditation areas, and benches with sayings were all brought up and well received. Trails also need new wood chips and to be cleaned up. Dan will talk to Tim Garland about trails.

Additional Comments- Other ideas included a small, open-sided pavillion, solar lights, and a shade tree for Gislason beach. Red Barn and CCC both have Facebook pages.

5. **CCC Kitchen Update-** propane is in place, working on wishlist for kitchen, get a chef's perspective from Andy Austin. Emily will talk to Nelvie more.

Adjournment- 9:51 (this seems really late, is this right?)
