

CCC Minutes from May 14, 2019 a.k.a. "what seems to be years ago"

Attending – Emily Small, Jim Sorensen, Liz Pratt, Becky Steffens, Denise Kellerman, Marsha Gunnlaugsson, Howard Scott Jr. **Members** – Freya Sorensen, Ruthie Sorensen, and Vivian Small

Call to Order – 6:01

Approval of Minutes from Mar. 26th and Apr. 24th– Jim moved, Denise seconds, all in favor

Kitchen Remodel

Mike Kickbush report – Converting the range is looking to be expensive and difficult. We most likely will need to buy new stove. We can look at used, trade in our old one, can we go with electric? How many burners do we need? We capped stove expenditure at \$5,000. Em motioned, Jim seconded, all in favor.

Ceiling tiles arrived, can go in. Synergy will be in clinic tomorrow until week's end. Tony Young is also in tomorrow. We think 3 light fixtures are sufficient. We can change bulbs to LED. Equipment is in at ferry dock.

Plan for regulation and fees for kitchen – Emily will work on a recommendation and talk to Town supervisor. Scheduling, key, maintenance, utilities, who makes #, and town crew services, will be addressed.

Island Party Recap

We had 91 last year, 65ish this year. People need to know what money goes towards and reminded what CCC has done in the past. People didn't want to be forced to dance, they want a live band, a puppy, a pony ride, and a million dollars. We thought about arranging babysitters at the rec, making the party for all ages, make it a welcome back party for summer visitors. Perhaps we make all our own food (you know because we have so much extra time) and only ask for donations. A lumberjack theme was suggested. We like that! I like the thought of everyone being a few drinks deep and playing with their axes. Perhaps we have a wing eating contest? Yes please. Where do I sign up? We should bring back honoring people, perhaps have a D.J.

During Island Party Recap Ruthie announced "Freya needs help, she's stuck in a tree." Freya made it safely out of the tree with her father's help. If I recall correctly (highly unlikely) she was about 8 in. Off the ground.

Next Meeting is June 27th at 6 pm

Adjournment was at 7:15 (is that a record?)
